A Canal, one half of a mile long, which drains a Swamp of 80 acres; and the soil from 4 to 12 feet deep, which is good for Corn, Rice, &c. At the mouth of this Canal, where formerly stood a Mill, since the stream has been turned into the Canal there is a fall of 15 feet; the stones and irons are there, and a Saw and Grist Mill is much needed here. At high water the stream is boatable from the mill seat out to the Sound. The balance of Swamp Land is equally as fertile, and well adapted to all Agricultural purposes. The growth of the Upland is Oak, Hickory, &c., which is very good for Ground-Peas and Potatoes. The Pea crop looks very well, and a young Orchard of various fruits.

I will sell the two tracts together, or seperate, if desired, or in parcels to suit purchasers, on accommodating terms. A bargain is to be had in the above Lands by applying early to the subscriber on the premises. WILLIAM D. WORTHAM.

REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING AUGUST 14TH, 1856.

TURPENTINE .- For this article there has been an active emand throughout the week from both shippers and distillers, and the light receipts has caused an advance of fully 25 cents on virgin, and 50 cents on yellow dip; the market closing firm at \$3 for virgin and yellow dip, and \$1 50 for hard, per 280 lbs. The arrivals continue small, and little or sels can load and be at sea in five hours. The place is healthy none coming in from above tide-water. The week's transac-

The sales are as follows: Saturday .... 200 bbls. at \$1 15 for large size bbls.

For Nos. 1 and 2 there appears to be a fair enquiry, but owing to the small receipts, the supply on market is light.—

Provisions—In N. C. cured Bacon we have no material alteration to notice. The receipts per railroad for one or two week's past have been moderate, and we note a fair stock now in first hands. Sales of a few small parcels from store at 16 cents per pound for hog round. No sales of hams, middlings, or shoulders, and quotations are merely nominal. See table.
